

REMARKS**Objection to the Specification**

The Examiner objected to the specification because the Sequence Listing on file at the USPTO did not contain SEQ ID NO: 819-822. Although Applicant previously filed a corrected Sequence Listing (mailed March 24, 2004), Applicant provides herewith another submission of the Sequence Listing, including SEQ ID NO: 819-822, on compact disks.

Applicant believes that the submission of the Sequence Listing herewith obviates the objection to the specification. Accordingly, withdrawal of the objection is respectfully requested.

CONCLUSION

In view of the foregoing amendments and remarks, this application should now be in condition for allowance. A notice to this effect is respectfully requested. If the Examiner believes, after this amendment, that the application is not in condition for allowance, the Examiner is requested to call the Applicant's attorney at the telephone number listed below.

If this response is not considered timely filed and if a request for an extension of time is otherwise absent, Applicant hereby requests any necessary extension of time. If there is a fee occasioned by this response, including an extension fee that is not covered by an enclosed check, please charge any deficiency to Deposit Account No. 23/2825.

Respectfully submitted,
